What is the Tahoe-Pyramid Bikeway?

The Tahoe-Pyramid Bikeway is a vision of following the Truckee River by foot or by bicycle from its source at forested Lake Tahoe to its desert terminus, Pyramid Lake. The route will descend over 2000 feet in 116 miles, using a combination of existing dirt and paved roads, plus some sections of new trail and bridges.

Help Keep the Bikeway Project on Track

www.tahoe pyramid bikeway.org

A non-profit 501(c)(3) organization

Funding Goal...

The Bikeway has been highly successful in winning grants for trail construction, such as Mogul-Verdi and The Rez, but most of these funding sources do not pay for ongoing support of the organization. Despite the fact that the Bikeway has no paid staff and no rent, we still need about \$10,000 per year for insurance, supplies, utilities and trail planning.

For more info, visit:

Funding Strategy....

The Bikeway Board believes there are 100 supporters of this great project who would be willing to donate \$100 per year to keep the effort going forward. We call this committed donor group our **Century Circle**. By joining this visionary group, you will get the satisfaction of knowing that you are increasing the prospects of the Bikeway being finished in your lifetime.

All donors are thanked publicly in the newsletter and receive a gift acknowledgement letter.
